

Encounters @ The Mall

Encounters @ the Mall by Andy Skillen Photography is featuring as part of the David Shepherd Wildlife Foundation's "Week of Wildlife Art" at the Mall Galleries, London, SW1.

I have been travelling and photographing wildlife for as long as I can remember and have been fortunate enough to visit some of the world's most amazing wildlife locations to witness some of nature's greatest spectacles, species and behaviour. It is this fantastic and incredible world that I want to share with you.

Through fine art photography, I aim to enhance and improve everyone's appreciation of the wild world and to encourage everyone to play a part in preserving this amazing planet. After all, if we can't save others, then what hope do we ultimately have in saving ourselves?

All of my photos have one fundamental thing in common: they are genuine, captured moments in time rather than an idealized, adapted view of it. These are real, wild animals leading real, wild lives. As such every time you gaze at these pictures, you are peering into a wider world, sharing what was a real-time, fractional moment in another's life. This connection between you and the subject is intrinsic to all my photography, and I hope you can find some real escapism in what is the raw reality of the natural world.

"Encounters" is carefully selected from my most recent trips from the Arctic to Southern Africa. Enjoy the images, and for more information feel free to get in touch.
