LIFE-DEFINING EXPERIENCES ON YOUR POLAR BEAR PHOTO SAFARI

Photo Presentations and Lectures

From lectures on "Travelling in Bear Country" to "Wildlife of the Arctic" our own northern adventurers will regale you with photos and stories. These conversations provide you the opportunity to learn about the arctic wildlife, landscape, and people.

ATV Tours

A day trip in one of our custom low-impact tundra vehicles will give you access to unique habitats and wildlife encounters further afield from our lodges. The Cape Tatnam Wildlife Management Area that the Nanuk Lodge is situated in plays host to a variety of large predators beyond the majestic polar bears. Encounters with black bears and the elusive wolves are not uncommon, and many unique habitats can be found in the region and are accessible with our special vehicles designed for that purpose.

Aurora Watching

You can enjoy the greatest light show on earth from the comfort of the lounge or dining room, or even your bedroom! The northern skies are a perfect ballroom for the aurora but remember, the lights are best photographed with a tripod so if you have one, bring it along.

Photographing the Mighty Polar Bear

Your daily itineraries for the Polar Bear Photo Safari are heavily customized to full advantage of lighting conditions and polar bear action to optimize the potential for award winning photographs. The arctic backdrop during the season of our photo safari provides a stunning frame for those extraordinary moments you will encounter with the bears of the Hudson Bay. There are plenty of other unique arctic inhabitants besides the lords of the arctic to complement your portfolio with as well: from the scurrying Arctic foxes to the iconic barren lands caribou that may be sauntering by.

Excursions during the safari will typically involve hiking on foot to those areas providing the best opportunities, and to ensure ground-level access for those eye-to-eye photographs that capture the intensity of the experience in the astonishing images you will capture during the safari.

Fine Northern Cuisine

The Churchill Wild culinary experience provides the metaphorical icing on the cake for your life defining experiences during your stay! Your taste buds will delight, whether your are indulging in some of our appetizer specialties or dining on one of our many exquisite entrees accompanied by our hand selected Canadian wines.

Our menu is drawn from the Canadian best-selling cookbook series, "Blueberries and Polar Bears" which offers the best northern cuisine found anywhere north of the 59th parallel.

Rest and Relaxation

Should you decide that curling up by the fireplace with a good book or enjoying a hot drink and sharing stories with your fellow adventurers is what you need, our comfortable lounge area provides you with the perfect setting.
