

### **Botswana and Vic Falls: a photo experience**

An exclusive, six person photographic adventure to the world-famous Victoria Falls and Chobe National Park taking in land-based and boat-based accommodation and photographic situations.

**June 2018; 9 days, 8 nights**

**GBP3,795; US\$4,950 (per person based on double occupancy)**

## **Questions and Answers...**

### **What gear should I bring? (apart from the camera!)**

For our safaris, you will want to bring light, comfortable clothing as well as a few layers. You don't need camouflage, but subtle neutral tones are advised (try not to pack the bright red sweatshirt!). It can be chilly in the mornings, especially when on the water, so do bear that in mind when it comes to bringing some warmer clothes; a fleece and or jacket should suffice. Hats are always a good idea – caps or sun-types or even woolly ones for those cooler mornings – as are snoods (mainly for dust) and a pair of light gloves. Of course, you might want to pack something a little smarter for the Victoria Falls hotel and other clothes for the evenings on the boat (of course...all are informal...but you might want to slip of the khaki for an evening!). One of the beauties of this trip is that you will be arriving and leaving on scheduled flights, so avoid the usual issues of light aircraft transfers. However, if you do extend the trip to a location requiring such a flight, then bear that in mind! If you want some advice on what to bring camera-wise, then feel free to get in touch of course after you've booked and I can offer some opinions on what to put in the kit-bag.

### **What will the food be like?**

Excellent. The Victoria Falls Hotel of course speaks for itself, and whilst we are in the tented camp and on the houseboat, dedicated, high quality chefs (and bartenders!) will ensure that you are always fully fuelled in the best possible style!

**If you have dietary restrictions required by a medical condition or concern, please let me know at the time of booking, so that we can do our best to plan and prepare accordingly.**

### **Are there bugs?**

Always consult your medical advisor with regards to necessary immunisations and the need for anti-malarials. It is always recommended that you bring insect repellent but don't get too hung-on the prospect of being surrounded by thousands of biting insects! In the dry season the numbers of mosquitos and such like are dramatically reduced. As always, cover arms and ankles at dawn and dusk when they are likely to be most active...or put on a good DEET-based (or similar) repellent.

### **What is the tented camp like?**

Amazing. You will be totally immersed in the bush, far from the hubbub of a lodge, and completely at one with the wildlife surrounding you. It's completely safe of course, and our staff in camp are all well-versed in dealing with any local denizens that happen to amble through our site...leaving you to enjoy any such magical encounter fully! Here's a few shots of the camp and our specially adapted safari vehicle.

### **I have a smaller group...can I book the whole thing for ourselves?**

Yes. This is a one-off trip catering to a maximum of six. If you wanted to have even more exclusivity for your group, be it 1-5 people, then please enquire straightaway. The overall rate will increase of course, but it is not a straight extrapolation as there is a balancing act in terms of Victoria Falls component. To explore this option for your group, please enquire as soon as possible. Note, such a reservation requires a 50% deposit at the time of booking. Of course, if you have a group of six, then it's a simple exercise!

### **Can I extend my trip?**

Absolutely. Our partners and myself can advise on building extra parts to your itinerary either before or after your arrival in Victoria Falls across Southern Africa – let us know well in advance and we'll do our best to help you book the rest of your holiday.

### **What's the houseboat like?**

See for yourself! Here's a few pics to give you an idea. This will be our home for three nights, giving us magical sunsets and sunrises, the chance to relax and a mobile base from which to launch our photo-specialised boats each day.
